Before You Watch

Discuss

Discuss the pictures and answer the questions with a partner. Then share your ideas with the class.

1. What do you see in these pictures?
2. Why is there so much trash? Where does it come from?
3. What do you think is the solution? How can you reduce the amount of trash you produce?

(Picture: piles of trash and a goat on a beach) (Picture: trash on a beach with palm trees)

Figure: Photos by Antoine GIRET on Unsplash and Dustan Woodhouse on Unsplash.

Note: Another word for "trash" is "waste."

Lauren Singer

This is Lauren Singer. She lives a Zero Waste lifestyle. That means she produces very little or no trash.

1. All of her trash from the past 5 years can fit in one mason jar. How do you think she does this?
2. Watch **the first 27 seconds** of the video above. What did you learn about Lauren Singer?

Video: https://youtu.be/ZT0uqEPzbd0

Zero Waste Tips

What can you do to reduce the amount of trash your produce? Below are some tips to give you ideas. Match the tips with the pictures.

Tips

- use a bamboo toothbrush (not plastic)
- take a reusable grocery bag when you go shopping
- bring your own containers when you go shopping
- use a reusable cutlery (not disposable)

(Picture: compostable toothbrushes in a jar) (Picture: reusable shopping bag) (Picture: mason jars filled with dry food stuffs including pasta, oatmeal, grains, and coffee)

Discuss

Look at the tips above and discuss the following questions with your partner.

1. Do you already do some of these things?
2. Which new tip would you like to try? Why?

Vocabulary

Use these words to complete the table below

recycle toothpaste recipe alternative upcycle combine

coconut oil baking soda essential oils cinnamon peppermint

chopstick foam up liquid stir tablespoon

Write the correct word or phrase next to each picture or definition.

Number	Picture or definition	Word or phrase

1	(Picture: reused coffee cans painted bright colors, stuck to the wall and used and pots for plants)	Photo by Bernard Hermant on Unsplash	
2	(Picture: four colored bins for sorting recycling on the street)	Image by imordaf from Pixabay	
3	(Picture: coconuts cut in half with liquid and solid coconut oil in bowls)	Photo by Tijana Drndarski on Unsplash	
4	(Picture: a cartoon of a man brushing his teeth with lots of toothpaste foam around his mouth)	Image by Natalia Ovcharenko from Pixabay	
5	(Picture: a box of baking soda with some in a bowl)	Image by Evita Ochel from Pixabay

While You Watch

Zero Waste Toothpaste

One of the ways Lauren reduces her waste is by making her own products. Watch the video to learn how she does this.

Video: https://youtu.be/DIpTXQl7qT0

Listen for the Main Idea

Watch the video and discuss the questions with your partner.

1. What do you see in the video? Make a note of everything you see and understand in the video.
2. Then explain what you saw and heard to your partner.
3. Share with the class.

Listen for Detail

Watch the video again. Choose the correct answer for each question.

1. What does Lauren teach us to make in this video?
   - lotion
   - toothpaste
   - trash
   - cookies
2. What are the benefits of learning to make this product?
   - Toothpaste tubes are difficult to recycle.
   - It works really well.
   - It's easy and fast to make.
   - All of the above.
3. Is it difficult to make?
   - yes

- no

4. Does it take a long time to make?
   - yes
   - no
5. What are the three ingredients included in the recipe? Choose all correct answers.
   - coconut oil
   - baking soda
   - essential oils
   - flour
6. What does Lauren use to stir the toothpaste?
   - a spoon
   - a chopstick
   - a fork
7. How is this toothpaste different from toothpaste you buy in the store?
   - it doesn't foam up
   - it's not salty
   - it always has a good consistency (it's not too hard or too soft)
8. Lauren says the consistency of the toothpaste might change because of temperature. What do you do if the toothpaste is too hard?
   - put it under some warm water
   - put it in the freezer
9. What do you do if the toothpaste is too liquid?
   - put it under some warm water
   - put it in the freezer

Interactive: Check your Answers

Select the correct answer, click "check" to see if your answer is correct, and then click the arrow to move to the next question. When you have answered all of the questions, click "Finished."

EXERCISE

1. What does Lauren teach us to make in this video?
a) lotion b) toothpaste c) trash d) cookies

2. What are the benefits of learning to make this product?
a) Toothpaste tubes are difficult to recyle. b) It works really well. c) It's easy and fast to make. d) All of the above.

3. Is it difficult to make?
a) no b) yes

4. Does it take a long time to make?
a) yes b) no

5. What are the three ingredients included in the recipe? Choose all correct answers.
a) coconut oil b) baking soda c) essential oils d) flour

6. What does Lauren use to stir the toothpaste?
a) a chopstick b) a fork c) a spoon

7. How is this toothpaste different from toothpaste you buy in the store?
a) It doesn't foam up. b) It's not salty. c) It always has a good consistency (it's not too hard or too soft).

8. Lauren says the consistency of the toothpaste might change because of temperature. What should you do if the toothpaste is too hard?
a) Put it in under some warm water. b) Put it in the freezer.

9. What should you do if the toothpaste is too liquid?
a) Put it in under some warm water. b) Put it in the freezer.

After You Watch

Post-Listening Discussion

Discuss and answer these questions with a partner. Be ready to explain ***why*** you chose each answer.

1. What is the genre of this video?
   - a children's movie

- a "how to" video on YouTube
- a presentation
- an interview

2. Who is the most likely audience?
   - young children in school
   - young people who like to travel
   - people who care about the environment
   - ESL students
3. What is the purpose of this video? Choose all the correct answers.
   - to encourage people to reduce the amount of trash they make
   - to teach people to make their own products
   - to teach children about farming
   - to persuade people to become vegans
   - to model an interview
4. Do you think it's a good idea to make your own toothpaste? Why or why not?
5. Would you try making the recipe in the "How to" video?
6. What other products would you like to learn to make? Why?

3.2: Vocabulary Review

From *Speaking, Listening and Pronunciation Projects for ELLs - Intermediate Level* by Brittany Zemlick, Grossmont College (CC BY 4.0). This section: CC BY 4.0; authored, remixed or curated by Brittany Zemlick.
